

# RUSSIAN ENERGY FORUM

## AGENDA FOR THE TWO GERMAN-RUSSIAN SESSIONS

OCTOBER 27, TUESDAY

### TIME

15.30-17.00  
local time in Ufa  
Conference room 2

### EVENT

#### ADVANCED RENEWABLE ENERGY BUSINESS MODELS & TECHNOLOGIES FOR RUSSIA. EXPERIENCE IN DEVELOPING RUSSIAN-GERMAN RENEWABLE ENERGY PROJECTS IN THE REGIONS

Organizers: German Energy Agency (dena); NP RE Eurosolar Russia

#### Questions for discussion:

- Solar energy - history of successful projects in Bashkiria, Krasnodar region, and other regions
- Wind & biogas energy development
- Microgeneration: dialogue between participants in the process
- The development of educational projects

**Moderator:** George Kekelidze, Chairman of the Board, NP RE "Eurosolar Russia"

#### Speakers:

**Mathias Kruse**, Consul General of the Federal Republic of Germany in Yekaterinburg  
*Welcoming speech*

**Timur Gerasimov**, First Deputy Minister of industry and energy of the Republic of Bashkortostan  
*Opening speech*

**Erika Bürkle-Kipnis**, Head of Department Energy Management and Renewable Energies, German-Russian Chamber of Commerce (AHK Russia) (online)  
*Current initiatives of German-Russian partnerships in renewable energies*

**Christoph Urbschat**, Chairman International Affairs, German Solar Association (BSW-Solar); General Director, NP Ideas into Energy; CEO, eclareon GmbH (online)  
*Interim results and updates of the ENABLING PV IN RUSSIA project*

**Andreas Dreisiebner**, Co-Chairman, Swiss Solar Energy Association Solarspar  
*Results of annual monitoring of the use of Russian double-Sided solar modules for vertical installation in mountainous Switzerland (Coca-Cola plant in Waltz)*

**Sergey Peregodov**, General Director, Biocomplex group of companies  
*Strategies for the development and implementation of biogas technologies in the regions*

**Carlos Martinez**, Commercial Director, GoodWe Europe GmbH  
*Localization of modern string inverters for RES in Bashkortostan*

**Arthur Alibekov**, General Director, OJSC Corporation of development of Dagestan, Makhachkala  
*Cluster approach for RES development - Samur Energy Cluster. The development of small hydropower.*

#### ОРГАНИЗАТОРЫ

#### ОФИЦИАЛЬНАЯ ПОДДЕРЖКА

#### СОДЕЙСТВИЕ

#### НАУЧНАЯ ПОДДЕРЖКА

#### ТЕХНИЧЕСКИЙ ПАРТНЕР

**Mikhail Molchanov**, General Director, "Solar Systems" LLC

**Dr. Roman Brinzanik**, Director New Markets, Kraftwerk Renewable Power Solutions GmbH (online)

*Development of guidelines and trainings for solar microgeneration with Rosseti Kuban*

**Tatiana Andreeva**, Project Manager, eclareon GmbH & **Alexander Barth**, Head of project „Schulen: Partner der Zukunft“ (PASCH), Goethe-Institut Moscow (online)

*Lessons learnt from the SOLARSCHOOLS.ru project*

**Polina Vasilenko**, Director, Chilirec

*Global trends in the development of floating solar power plants and implementation experience in the Russian Federation*

17.00-18.00  
local time in Ufa  
Conference room 2

## INVESTMENTS IN RENEWABLE ENERGY: DEVELOPMENT POTENTIAL FOR REGIONS

Organizers: German Energy Agency (dena); NP RE Eurosolar Russia

### Questions for discussion:

- Changes in legislation
- RES of the retail market: results of work for 5 years, a new stage from 2021
- Is hydrogen a driver of new investments in renewable energy?
- Potential of hybrid solutions for remote areas
- Prospects for DPM 2.0

**Moderator: Matthias Dehner**, Counsellor, Head of Economic Division, Department of Economy and Science, Embassy of the Federal Republic of Germany, curator of the Project "Year of Germany 2020/2021 in Russia"

### Speakers:

**Maksim Zagornov**, President of the Distributed Power Generation Association, CEO at the MKS Group of Companies, *Implementation of hybrid power complex projects based on renewable energy sources in hardly accessible and remote areas.*

**Yury Melnikov**, Senior Analyst, Moscow School of Management SKOLKOVO  
*Hydrogen role in Russian energy and climate policy*

**Christoph Menzel**, Expert International Cooperation Hydrogen and Powerfuels, German Energy Agency (dena) (online)  
*Hydrogen: a call for renewables*

**Alexey Zhikharev**, Director, Association for the development of renewable energy (ARVE)  
*The Outlook for the retail renewable energy market: new rules, new opportunities*

**Mikhail Molchanov**, General Director, Solar Systems LLC

**Tobias Merkel**, Executive Director of SOLAR23 GmbH, Germany (online)  
*About PV investment opportunities in Russia from German SME perspective*

**Kimal Yusupov**, General Director, Vestas Rus LLC  
*RES in Russia: present and future*

**Ilya Lichov**, General Director, Neosan Energy Rus

**Mikhail Yulkin**, General Director, Center for Environmental Investment; Head of the working group on climate change and greenhouse gas emissions management of the RSPF (online)  
*Global decarbonization. The role of RES in climate change mitigation*
